

**Issue Date: 05 December 2023**  
**Bulletin Nr: 001**

**Reference:** Gulf Radical Cup Sporting and Technical Regulations - 2022/24, Article 2.7.5

**Action:** Clarification of 2.7.5

**Old Regulation:**

This mandatory pit stop will be monitored by the Official Timekeepers by means of the pit lane timing loops and on occasion by pit lane marshals using stop watches. The pit stop duration will be the time that the car is stationary in the pits. However as this will also be policed by a pre determined time of entry to exit, including pit stop time, this total time will also be published for each event.

**New Regulation:**

This mandatory pit stop will be monitored by the Official Timekeepers by means of circuit cameras and pit lane marshals using stopwatches. The pit stop duration will be the time that the car is stationary in the pits and not the pit-lane loop to loop time or a combination of the aforementioned.
